by the reading of a report on the crystallizing of sugar while in motion, written by
Manager Ahrens of Oahu plantation. The
report treated of the experiments which
have been conducted on the plantation.

A resolution was adopted that the director of the Experiment Station formulate a system of standards in methods of
conducting practical cane development at
the plantations, by which each plantation
should earry on such work as much alike
as possible in order that a more general
comparison of details could be made.

An executive session was held yesterday
afternoon at which the question of labor
was fully discussed.
